

Release Notes

Toska SQL Tuning Expert for Oracle® 1.1.2

Release Notes

Jan 2018

About Toska SQL Tuning Expert for Oracle®

Toska SQL Tuning Expert (TSE™) for Oracle® is a tool to tune your SQL automatically.

Function with limitations without a license

The software provides up to 30 automatic SQL alternatives to solve most common SQL performance problems before you purchase a license.

Resolved Issues in 1.1.2

| Feature | Resolved Issue | Issue ID |
|------------|--|----------|
| SQL Tuning | Corrected an error when attempting to Tune or Test Run a SQL with select item returning an empty string. | TSE-302 |

Resolved Issues in 1.1.1

| Feature | Resolved Issue | Issue ID |
|------------|--|----------|
| SQL Tuning | Corrected an error when attempting to Tune or Test Run a SQL with the same bind variable exists multiple times or the bind variable is not associated with any table's column. | TSE-283 |
